*Gala*

## Donation Request

November 2nd, 2024

Legacy Farm Historical Granary

This gala evening will feature keynote speakers, live entertainment, silent auction, raffles, and a prime rib buffet dinner.

**November: Family Violence Prevention Month**

# Why Your Support Matters

We invite you to be a vital partner in our mission by donating toward our Annual Charity Gala, where your support will directly contribute to the essential services provided by True North Society to survivors of abuse.

This year's theme, "The Roaring 20's", will serve as a vibrant backdrop for advocating against family violence, with the color purple acting as a powerful symbol of awareness, remembrance, and community solidarity during Family Violence Prevention Month in Alberta.

## **About True North Society:**

Based on their belief that all members of our community should be able to live without abuse or the threat of abuse, tenacious and caring community members came together in 1992 to create a Society dedicated to providing shelter, counselling and referral services to survivors of abuse without regard to their gender, age, race, religion, socioeconomic status, sexual orientation, marital status or mental or physical ability. True North Society (*formerly Wheatland Crisis Society*) opened its shelter in May of 1993, the first in Canada that provided shelter and other services to both male and female survivors of domestic abuse.

**True North Society** is committed to providing essential services such as short-term emergency shelter, community programming, education, supportive counselling, referral, and advocacy. We serve over 15 communities reaching as far as Three Hills, Drumheller, Siksika Nation and Chestermere.

**Together**, let us create a brighter future for our community by standing against abuse and empowering those in need - your support can make a profound difference.

## By supporting our gala, you will help us:

*Raise Awareness*      *Fund Essential Services*      *Engage the Community*

Increase public understanding of domestic violence and the vital support True North Society offers.

Ensure the sustainability and expansion of our programs, directly benefiting survivors of domestic violence.

Foster a sense of community involvement and support for our cause.

We are once again holding a silent auction and raffle during our Gala evening on November 2nd, 2024 and we would be honoured to have your support in the form of donated auction items.

Please know that our community members' *time, talent* and *treasure* are greatly valued.

If you would love to support, and this opportunity isn't right for you at the moment, please reach out to discuss other ways that we can work together to effect change.
